

## RESEARCH INTERN

**Location:** Mumbai

**Assignment:** Full-time

### PitchRight Ventures Overview

We are an early-stage venture fund with a focus on startups that are looking to build market-leading companies that disrupt traditional sectors with the use of cutting-edge technology.

We come in as the first institutional capital for startups. We are sector agnostic in our investment thesis with a focus on startups leveraging emerging technologies like AI, ML, IoT, AR, VR, Blockchain etc.

We invest up to INR 3.5 Cr (USD 500K) in a startup across multiple rounds of investment.

### Role

- The ideal candidate should have a passion for the venture capital and startup ecosystem. He/She should be interested in building a career in the investments industry.
- He/She will work closely with the Investment team across all areas of research, deal sourcing, deal selection, investing, post investment support and supporting partners in special projects.
- The learning curve will be steep as the potential responsibilities that would be handled are immense.

### Key Responsibilities

- Researching & mapping emerging investments themes and evaluating investment ideas.
- Partner with the investment team to do deal sourcing.
- Keeping track of market trends, opportunities, risks and new investment opportunities.
- Networking & developing relationships with various stakeholders in the startup ecosystem.
- Working on reports and other materials for brand building and investor relations.

## Key Skills

- Strong academic background (B.Tech/B.E/CA/CFA).
- Strong analytical capability.
- Strong research capability.
- Team player with ability to work effectively in small groups.
